

NetShelter® CX

Solutions for Education

A soundproofed server room in a box which allows for IT deployment wherever and whenever it is needed, saving space, cost and deployment time.

How NetShelter® CX Helps:

- An attractive alternative to building out an IT room
- A safe place for on-site storage
- Easily integrated UPS systems
- Soundproofed to keep loud gear quiet
- deployments outside the server room or data center
- Mobility allows IT equipment to be shared between departments

Specific Applications:

• Lecture Hall / Media & Projector Installation

- Mixed media server rollouts often happen away from the datacenter
- Soundproofed cabinet keeps onsite equipment from disrupting the lesson
- Attractive cabinet which serves IT needs while blending into the auditorium decor

• Research Lab Shared Equipment

- Keep expensive IT gear secure & mobile at the same time for collaboration in shared space
- Soundproof cabinet keeps IT loads quiet to minimize extra noise in quiet environments.

• K-12 Server and network deployments

- Netshelter CX keeps gear out of the mop closet by providing an IT ready space for equipment
- Soundproofed cabinet keeps server noise low in offices and classrooms
