

# APC Trade-UPS Program

## Single Phase UPS

**Trade in old UPS(s) regardless of brand, for a new Single Phase UPS(s) with minimum 2 year warranty**

**Trade-UPS<sup>®</sup>** Reseller

### Up to a 25% discount on new APC UPS(s)

APC Trade-UPS program is a cost effective way to upgrade your customers' existing units and protect their latest investment. You can trade in any UPS for them, regardless of its manufacturer or its working condition, for the latest APC UPS technology and receive a discount on their new purchase.

### Up to a 30% discount on APC accessories including extended warranties

As a benefit to your customers, you can also buy additional APC accessories at a significant discount, if purchased along with their Trade-UPS.

### Upgrade to four times the VA of your current UPS capacity

Trade in for up to 4X the VA of their current UPS capacity or trade in two UPSs for one larger unit.

### Up to a 2 year factory warranty on new units\*

### FREE removal and/or shipping of existing units

Order new units today and you'll receive free return shipping labels to provide your customers to send their retired units back to APC. APC will also pay to have larger UPSs picked up and returned (applicable only to defined easy access areas).

### Proper ecological disposal of returned UPSs and batteries for FREE

All old units, including hazardous UPS batteries, returned to APC will then be properly and ecologically disposed of according to the EPA standards (\$5 to \$500 value depending on the UPS).

### Trade-in multiple units with each order

† New UPS models are more energy efficient

\* SMT, SMX- 3/2 Factory Warranty
