Reseller Trade-UPS Program

Trade in your customer's old Single Phase UPS(s), regardless of brand, for a new Single Phase UPS(s). You can access via your personal page on apc.com

Up to a 25% discount on new UPS(s)

The APC Trade-UPS program is a cost effective way to upgrade your customer's existing unit(s) and protect their latest investment. You can trade in any UPS for them, regardless of its manufacturer or its condition, for the latest APC UPS technology and receive a discount on their new purchase.

Trade-UPS[®] Reseller

Up to a 30% discount on APC accessories including extended warranties

As a benefit to your customers, you can also buy additional APC accessories at a significant discount if purchased along with their new UPS via Trade-UPS.

Upgrade up to 4x the VA of your customer's current capacity

Example: If your customer's UPS is 1,000VA, you could purchase them 4,000VA worth of UPS equipment at the discounted price. You may trade in multiple units on a single order.

FREE Removal and/or shipping of existing units

Order new units today and you will receive free return shipping labels to provide your customers and allow them to send their retired units back to APC. *APC will also pay to have larger UPSs picked up and returned!

Proper ecological disposal of returned UPSs and batteries for FREE

Order new units today and you will receive free return shipping labels to provide your customers and allow them to send their retired units back to APC. *APC will also pay to have larger UPSs picked up and returned!

*Heavy shipping/pickup not available in all areas. Must call for assistance: 800-771-1APC
